

# TUSCOLA AIRPOWER

## ***A.23.—Good Standing Policy***

**A23.1.** Adherence to rules and proper conduct are pillars in any leadership development program. NC-075 has always endeavored to recognize those who follow these important tenants. Conversely, those who do not meet standards should not expect to participate as fully, if at all, as those who do.

**A23.2.** Our policy will continue to be that only those cadets who are meeting the standards of the ROTC program will be allowed to participate in corps activities to include field trips and special events like the military ball, aircraft flights, college and base visits, color guard, drill team, car parking, and others.

**A23.3.** Cadets in good standing will be eligible for promotions, awards, field trips, and attending leadership school.

**A23.4.** To be in good standing, cadets must meet the following requirements:

**A23.4.1.** Conduct must be outstanding. Cadets must have no integrity violations, insubordination, disrespect, and disrupting class. Conduct issues could result in immediate removal from the Good Standing List.

**A23.4.2.** Miss no uniform wear days without an instructor's permission.

**A23.4.3.** Meet program deadlines for required information/forms, haircuts, etc.

**A23.4.4.** Meet chain of command deadlines and job responsibilities if assigned a leadership position.

**A23.4.5.** Must have an 85 test average and satisfactory participation in the physical fitness program.

**A23.4.6.** No Tuscola High School ISS or OSS after the effective date established by the SASI.

**A23.4.7.** Good Standing List. At the beginning of the school year, all cadets are placed on the Good Standing List. The Good Standing List will be updated on Mondays by the SASI/ASI and posted on the cadet bulletin board.

**NOTE:** Removal from the Good Standing List may be initiated by the Cadet Chain of Command for the above reasons, however, only the instructor may actually remove a cadet. The SASI will keep a current list of cadets on the Good Standing List. A cadet may be placed back on the Good Standing List when deficiencies have been corrected as determined by the instructors.
